VANCOUVERCENTER OPENS PARKVIEW CONDOMINIUMS

Portland, Ore.—Vancouvercenter announced today that the public opening of the new “Parkview” condominium project will take place on July 14th and 15th.

Parkview is a project that will feature 112 units in the heart of Vancouver. Unit plans vary from studios to spacious two bedrooms and are priced from \$114,900 to \$364,900. Parkview offers views of the Cascade Mountains and the Columbia River, and is across the street from Esther Short Park.

Parkview is part of the vibrant “Vancouvercenter” project, an exciting two-square-block development featuring 250 residential units and approximately 210,000 square feet of Class A office and retail space. The development offers secure underground parking, on-site fitness facilities, a community room and high-speed Internet capabilities.

“We are extremely pleased to offer the first phase of 112 units for sale. The units are very competitively priced and the response has been incredible. Based on the early interest we have experienced, we expect sales to go fast.” said Nawzad Othman, owner’s representative for the project.

Vancouvercenter is within walking distance to nature trails along the Columbia River, Esther Short Park, shopping, restaurants, banks, a movie theater and the Vancouver Farmer's Market. Part of the fast growing Northwest, Vancouver is just two hours from the Cascade Mountains, 90 minutes from the Pacific Ocean, 15 minutes from downtown Portland, and 15 minutes from the Portland airport.
